## Tenuta di Trinoro - Toscana, Italy

*Presented by Christie Dufault*

Located in Sarteano in the southeastern corner of Toscana, bordering both Lazio and Umbria, we find this great winery. With Bordeaux as inspiration, Andrea Franchetti, proprietor and winemaker, decided to plant the bordelaise varietals mixed with some interesting choices from other regions. Using very high-density plantings, very low yields and multiple passes picking only at ultimate ripeness Franchetti achieves wines of dark richness, full and complex. Very age-worthy yet infinitely pleasing in their youth.
