### LE CUPOLE 2005

The season and the harvest started in an extremely beautiful way, but both were interrupted by October's rain. The precocious variety came out at its best.

In September we thought the first rain was welcome; we began with the vinification of an excellent Merlot and of a perfect Cabernet Franc, which represent the core of this Cupole 2005.

**Blend** of 47% Cabernet Franc, 32% Merlot, 12% Cabernet Sauvignon;  
3% Petit Verdot; 4% Cesanese; 2% Uva di Troia

**Total surface** of 20 Hectares at a density with 10.000 plants per hectare with vines of 15 years of age

**Yields** of 30 HI per hectare

**Treatment** with copper, clay powder, propoli, grapefruit-seed extract

**Bottled** in March 2007 with a total production of 70.000 bottles
